PREFACE

1. This Standard Pre-qualification Document (SPD) has been prepared by the Public Procurement Regulatory Authority (PPRA) for use by Procuring Entities (PEs) for procurement of specialized, large and complex contracts for Works, Goods, Plant, Equipment under Open Competitive Tendering Method as defined in the Public Procurement and Asset Disposal Act 2015 (the Act)
2. It may also be used by a procuring entity for the purpose of registration of contractors, suppliers. All applicants who pass the pre-qualification criteria set in this document shall be given opportunity to tender. The procedures and practices presented in this SPD reflect the requirements in the said Act and its Regulations. This SPD will be used by Procuring Entities on a mandatory basis whenever a Procuring Entity decides to go for prequalification. Lack of its use (whenever a Procuring Entity decides to go for pre-qualification) could be basis for challenging a decision on contract process and award. Procuring Entities and other Users should ensure that they are using the latest version of the SPD, which can be verified with PPRA.
3. The SPD is comprised of the parts indicated on the Table of Contents. Before using this SPD, the User is advised to or should be familiar with the Act and its Regulations and any manuals prepared and issued by PPRA to guide public officials in the conduct of the public procurement process. The document includes a form for invitation for pre-qualification, instructions to applicants and a letter of application with attached forms for applicants to complete.
4. Care should therefore be taken when preparing pre-qualification document for specific cases to ensure that the pre-qualification criteria are clear and explicit, and that they refer to the needs and characteristics of the specific procurement. For this purpose, where appropriate, “Works” should be substituted by “Goods” or “Non-Consulting Services” as the case may be and “Contractor” should be replaced with “Supplier” in case of pre-qualification for Supply of Goods or “Service Provider” in case of pre-qualification for provision of Non-Consulting Services as the case may be. Note the Selection of Consultants for Consulting Services is catered for in a separate document the “Standard Request for Proposals for Selection of Consulting Firms”.
5. The following guidelines should be observed when using the Standard Pre-qualification Document. Refer to Appendix to the Preface for more details on Guidelines to the Procuring Entity in preparing the document to be issued to the Applicants.
 - i) The forms will require adaptation to suit the requirement of each proposed procurement.
 - ii) Specific details, such as the names of the procuring entity should be furnished in the spaces indicated in the text.
 - iii) Where alternative clauses or texts are shown, the user should select those that best suit the particular contract and should discard the alternative text that will not apply.
 - iv) The instructions to applicants should basically remain unchanged. Any necessary amendments to any clause or additions should be made through “Pre-qualification Data Sheets (PDS)”.
6. The notes in the text of the pre-qualification documents are meant to assist the procuring entity in the preparation of the document. They are not part of the pre-qualification document and should therefore be deleted as the document is prepared. The document to applicants should not contain pages on Cover and Preface of this document. Refer to Appendix to the Preface for more details on how to prepare the document to be sent to Applicants.
7. The Public Procurement Regulatory Authority welcomes any comments from the Users of this SPD which will assist in revising (if need be) and improving the structure and contents of the SPD.

**Director General Public Procurement Regulatory Authority
(PPRA)**

APPENDIX TO THE PREFACE

GUIDELINES FOR PREPARING TENDER DOCUMENTS

PART 1- APPLICATION PROCEDURES

1. General

- 1.1 Page 1 (The Heading of the Document), the Preface and its Appendices (if any) shall not be included in the Document to be issued to Applicants. The Document to be issued to Applicants shall start with the page titled “This Page, NAME, LOGO AND ADDRESS OF THE PROCURING ENTITY, NAME AND IDENTIFICATION OF TENDER”, including all the other material on the page completed appropriately.
- 1.2 If in the course of preparing a Prequalification Document or evaluating the applications following the criteria in the Standard Prequalification Document, a Procuring Entity finds a provision it does not understand or agree with, it shall contact PPRA for clarifications before it changes anything, otherwise it will be considered as violation of the procurement rules.
- 1.3 The Procuring Entity should confirm that the goods, works or services to be procured is in its Procurement Plan and budgeted for. It should also confirm the estimated cost of the contract, including the estimated time for executing the contract. The cost estimate helps the Procuring Entity determine the applicable procurement method to be used and the determination if the contract should be subject to prequalification. Prior to finalizing the Prequalification Document, it is advisable for the Procuring Entity to recheck these estimates.
- 1.4 The estimates must be prepared by an expert in the field of the subject contract i.e. by Engineers, IT Specialists, Procurement Specialists, and/or other experts depending on the items to be procured. The Estimates should be based on current market prices or on data collected by the Procuring Entity based on past (*but not historic*) contracts.
- 1.5 The purpose of the estimates is to enable the Procuring Entity determine amounts of money to be inserted in the Tender Document for: -
 - a The minimum amount of money required for the applicant to demonstrate that the applicant has access to, or has available, liquid assets, unencumbered real assets, lines of credit, and other financial means (independent of any contractual advance payment) sufficient to meet the contract execution cash flow requirements, net of the Tenderer's other commitments. *Usually the assets should be about 2-3 months cash flow requirements based on the estimated completion time.*
 - b The minimum amount of money required as an average annual turnover for the applicant to demonstrate that the applicant is a prime contractor, supplier, manufacturer or service provider. *Usually the minimum amount of money is about 2.50 times the estimated cost of the contract(s).*
 - c The amount of money required to determine specific experience of the applicant based on the minimum size of contract(s) substantially completed and that are similar to the proposed contract. *Normally the minimum amount of money required is about 80% of the estimated cost of the contract.*
- 1.6 During preparation of the prequalification document, the Procuring Entity should specify whether to allow the following:
 - a International Tender,
 - b Reservations
